Dear Chief Executive

Re. Maurice John Kirk d.o.b. 12.03.1945

This patient was seen at Caswell Clinic at the behest of the Court of Cardiff for psychiatric assessment in August 2009. The director, Dr Tegwyn Williams, wrote a report which was full of errors including that he was suffering from a brain tumour and was delusional. It was believed that this would incarcerate the veterinary surgeon to Ashworth Hospital and stop his criminal trial from starting.

The judge called the trial and the police story collapsed and Mr Kirk was freed (Jan 2010). He has been asking for his medical records from Caswell Clinic ever since. All medical staff at POW hospital and elsewhere have been denied these records. He has since discovered that a Dr Gaynor Jones from Caswell had refuted her boss's claims in an e mail but this was never made public to the open court nor to the 'patient'.

Time and again the medical staff were unable to proceed various procedures due to the absence of these records having only the incorrect report by the then Director of Caswell Clinic of September 2009 to go on. Notably no brain tumour was treated as it was subsequently proved that this was incorrect. A Dr Rodger Wood, it is believed, persuaded Dr Tegwyn Williams that Maurice Kirk had a brain tumour and damage to his brain.

Over the last ten years various medics, outside and inside prison have been denied these records including HMP Swansea, private prison Parc (Bridgend) and now HMP Cardiff. His GP from Taunton has also asked for these records but has been denied (2019).

Why was Maurice in prison? He has been accused of harassment of Dr Tegwyn Williams and although never actually issued with a restraining order has been imprisoned several times for this injustice.

As his sister, and ex-magistrate (in Jersey), I ask that the Caswell Clinic Medical Records are released to Maurice Kirk so that he can go free from HMP Cardiff or at least his GP in Taunton who has asked for them. (Dr Moss, Crown Medical Centre, Venture Way, Taunton, TA2 8QY (01823-282151).

I enclose a complaints form, a copy of which I am sending to prison to get my brother's signature.

Yours faithfully

Mrs. Celia Jeune
